

PODC Teleconference
Friday, March 21, 1997
10:00- 11:30 a. m. (Central time)

As we agreed during our January meeting, we will meet via teleconference to discuss some of the ongoing kinds of things that often take up significant time on our face-to-face agenda but don't really need the in-person environment to be handled effectively.

UPDATING OURSELVES ELECTRONICALLY

We also agreed to use the list serve just prior to the teleconference to share updates and emerging issues within your state or region -- like we often spend time doing the first day we are together.

- Please send this info to, everyone via the list serve -- not just to me.
- Please feel free to respond to each other's comments -- again via the list serve so everyone can gain from the dialogue.

I'll monitor what is being shared and determine if some of the issues should go onto our teleconference agenda.

- If there is something you feel strongly should be an agenda item, be sure to let me know that.

In case you can't lay your hands on the list serve address, it is:

PODC@listserv.vt.edu

If you aren't used to using a list serve, PLEASE TAKE ADVANTAGE OF THIS OPPORTUNITY to try it out. It can be a very effective way sharing information and even commenting points offered by others.

AGENDA FOR MARCH 21 TELECONFERENCE

By March 19, I will share the agenda for our March 21 teleconference via this list serve.
